CNL(13)34

**Annual Report on actions taken under Implementation Plans
for the Calendar Year 2012**

The Guidelines for the Preparation of Implementation Plans and for Reporting on Progress, NSTF(06)10, indicate that the primary purpose of the annual reports is to provide a summary of all the actions that have been taken under the Implementation Plan in the previous year. In addition, details of any significant changes to the status of stocks, new factors affecting stocks, any changes to the management regime in place, and any changes to the Implementation Plan should be included in the report. Details of actions taken in accordance with Articles 14 and 15 of the Convention are also needed by the Council. **Please provide the following information to the Secretariat by 5 April 2013**

Section 1: Details of any significant changes to the management outlined in the introduction to the Implementation Plan.

No changes

Section 2: A description of any significant changes in the status of stocks and information on catches. The Council has asked that the following information on catches be provided:

- (a) the provisional catch of salmon in tonnes for 2012;**
- (b) the confirmed catch of salmon in tonnes for 2011;**
- (c) an estimate of unreported catch in tonnes for 2012;**
- (d) the number of salmon caught and released in recreational fisheries in 2012.**

No catches

Section 3: A description of any new factors which may significantly affect the abundance of salmon stocks.

No new factors

Section 4: An account of all actions taken under the Implementation Plan with regard to the management of salmon fisheries; habitat protection and restoration; aquaculture and related activities; and other influences affecting salmon abundance or diversity (including the marine environment).

Management Action	Reporting Update	Achieved Management Action (Yes, No, Ongoing, Completed)
Fisheries Management		
No changes		
Habitat Protection and Restoration		
Aquaculture and related activities		
Other influences affecting salmon abundance or diversity (including marine environment)		

Section 5: Details of any proposed revisions to the Implementation Plan.

Section 6: Information on the number of salmon that escaped from salmon farms (both freshwater and marine facilities) in 2012. The Council has asked that information be provided on the number of farmed salmon reported to have escaped from salmon farms together with an estimate, if available, of the number of escaped farmed salmon that was unreported.
