***Revised Programme for the Theme-based Special Session***

***Addressing impacts of salmon farming on wild Atlantic salmon:  
challenges to, and developments supporting, achievement of NASCO's  
international goals***

## CNL(16)39

### *Addressing impacts of salmon farming on wild Atlantic salmon: challenges to, and developments supporting, achievement of NASCO's international goals*

#### *Programme*

	<b>Title</b>	<b>Contributor</b>
0900 - 0910	Introduction	President
<b><i>Scientific background</i></b>		
0910 - 0940	Possible effects of salmonid aquaculture on wild Atlantic salmon populations: the effects of sea lice, genetic interactions and the impacts on wild salmon production	Eskild Kirkegaard, Chair of the ICES Advisory Committee (ACOM), Denmark
0940 - 1010	Advances in understanding the impacts of sea lice on wild Atlantic salmon	Bengt Finstad, Norwegian Institute for Nature Research (NINA), Norway
1010 - 1040	Advances in understanding the impacts of escaped farmed salmon on the genetic integrity of wild Atlantic salmon	Kjetil Hindar, Norwegian Institute for Nature Research (NINA), Norway
1040 - 1100	Tea/coffee break	
<b><i>Progress and challenges in achieving NASCO's international goals</i></b>		
1100 - 1120	Norway: Measures introduced to meet NASCO goals of reducing impacts from sea lice and escapes on wild salmon	Yngve Torgersen, Ministry of Trade, Industry and Fisheries, Norway
1120 - 1140	Supporting sustainable aquaculture growth alongside a thriving recreational fisheries sector. Reducing the impacts from sea lice and escapes on wild fish in Scotland in parallel with NASCO's international goals	Alastair Mitchell, Marine Scotland, UK
1140 - 1200	Aquaculture Management in Canada: Advancing NASCO's International Goals	Éric Gilbert, Fisheries and Oceans Canada, Canada
1200 - 1220	Faroe Islands: Progress and challenges in achieving NASCO's international goals	Roar Heini Olsen, Faroese Food and Veterinary Authority, Faroe Islands
1220 - 1350	Lunch	
1350 - 1410	Ireland: Progress and challenges in achieving NASCO's international goals	Cathal Gallagher, Inland Fisheries Ireland, Ireland
1410 - 1430	Progress and challenges in achieving NASCO's international goals for aquaculture in the United States	Rory Saunders, NOAA National Marine Fisheries Service, USA
1430 - 1500	General Discussion	
1500 - 1520	Tea/Coffee Break	
<b><i>New developments that could affect achievement of NASCO's international goals</i></b>		
1520 - 1550	Drug resistance in sea lice and integrated lice management strategies	Armin Sturm, Institute of Aquaculture, UK
1550 - 1610	Development of lice dispersal models and their utility in predicting impacts on wild Atlantic salmon	Ørjan Karlsen, Institute of Marine Research, Norway
1610 - 1630	Closed containment: recent developments, costs and benefits	Ivar Warrer-Hansen, Inter Aqua Advance, Denmark
1630 - 1645	The NGO Perspective	Niall Greene, Salmon Watch Ireland, Ireland
1645 - 1730	General Discussion	
1730 - 1745	Concluding remarks & Close of Theme-based Special Session	Steering Committee Chair
