

The North Atlantic Salmon Conservation Organization

Report of the Thirty-Third Annual Meeting of the Finance and Administration Committee 6 June 2016, Bad Neuenahr-Ahrweiler, Germany

Chairman: Mr Raoul Bierach (Norway)

Vice-Chairman: Mr Calvyn Wenghofer (Canada)

Secretary: Dr Peter Hutchinson

CNL(16)5

CNL(16)5

Report of the Meeting of the Finance and Administration Committee of the North Atlantic Salmon Conservation Organization

Steigenberger Hotel, Bad Neuenahr-Ahrweiler, Germany

Monday 6 June 2016

1. Opening of the Meeting

- 1.1 The Chairman, Mr Raoul Bierach (Norway) opened the meeting and welcomed members of the Committee to Bad Neuenahr-Ahrweiler, Germany.
- 1.2 A list of participants is contained in Annex 1.

2. Adoption of the Agenda

2.1 The Committee adopted its Agenda, FAC(16)6 (Annex 2).

3. Election of Officers

3.1 The Committee elected Ms Kimberly Blankenbeker (USA) as its Chair and re-elected Mr Cal Wenghofer (Canada) as its Vice-Chair.

4. 2015 Audited Accounts

- 4.1 Last year, the Committee had agreed to recommend to the Council the appointment of Chiene + Tait for the 2015, 2016 and 2017 audits, or such other company as may be agreed by the Secretary in consultation with the President and Chairman of the Finance and Administration Committee (FAC). The Secretary had been requested to obtain three quotes for the audit work for a three-year period covering the 2015, 2016 and 2017 accounts. He indicated that this had been done and, following consultations with the President and Chairman of the FAC, Saffery Champness (Edinburgh) had been appointed to undertake the 2015, 2016 and 2017 audits. The 2015 audit had been conducted effectively and within the time specified in the Financial Rules.
- 4.2 The Secretary introduced the Audited Accounts for 2015, FAC(16)2. In 2014, the Committee had recognised that the Organization's financial position was much more favourable than it had been at the start of 2013, and the Secretary indicated that this improvement had continued in 2015. The Working Capital Fund remains at its ceiling of £200,000 and the Contractual Obligation Fund continues to be rebuilt and is now close to its ceiling of £250,000 which it should reach in 2017. As a consequence, the sum budgeted for the Contractual Obligation Fund in the 2017 Draft Budget had been substantially reduced (from £103,000 to £35,000) compared to the five-year Budgeting Plan (2016 2020).
- 4.3 The Recruitment Fund also continues to be built and the Audited Accounts indicate that it had reached £30,000 by the end of 2015, with an additional £15,000 included in the 2016 Budget. The Secretary indicated that he had consulted the North East Atlantic Fisheries Commission (NEAFC) and they do not have a Recruitment Fund, but appropriate budgetary

provision is made for the year in which recruitment occurs. The Committee agreed to retain the sum of £15,000 in the 2017 Draft Budget which would build the fund to £60,000. The Committee considered that this was an appropriate level for the Fund, but, in a case of special need, the Working Capital Fund might also be utilised. The Committee agreed to review this decision at its next Annual Meeting.

- 4.4 The Secretary informed the Committee that a contribution of £10,000 had been made to Castletown Productions in 2015 towards the cost of the film 'Atlantic Salmon Lost at Sea' following confirmation that the remaining funding required to complete the film had been raised. It is expected that the film will be completed in July 2016. The Council had recognised that this film will be an excellent way of raising awareness of the challenges facing the salmon around the North Atlantic, the research programmes being undertaken and the wide range of measures that have been taken to conserve and restore stocks, including the international work of NASCO. It could also be a valuable contribution to the proposed International Year of the Salmon (see item 7 below).
- 4.5 The Committee recommended to the Council the adoption of the 2015 Audited Accounts.

5. Relationship with ICES

- 5.1 In 2007, the Council had entered into a Memorandum of Understanding (MoU) with ICES which is subject to review every three years. In both 2010 and 2013, on the recommendation of the Finance and Administration Committee, the Council had agreed to continue the MoU on the understanding that there would be no increase in the cost of providing the advice, other than to reflect the rate of inflation in Denmark. Last year, the Council had recognised that the relationship with ICES was working well and agreed that the MoU should continue, without amendment, for a further three years from 2016.
- 5.2 The Secretary indicated that the MoU with ICES continued to work well, with stability in payments and the advice being made available in a timely fashion. In 2015, ICES had asked NASCO for feedback on the format of the advice. No substantive changes were proposed. However, the Council had requested that in future ACOM reports, the responses to questions from NASCO be presented in the same format as that in which the request is made, i.e. responses to questions relating to a specific Commission area should be presented in that section of the ACOM report, rather than in the section relating to the North Atlantic area. The Council had also asked that some of the more general information which does not form part of the request for advice, but which applies to all three Commission areas (Management Plans, Biology, Environmental Influences on Stocks, Effects of Fisheries on the Ecosystem and Quality Considerations) be included in a single annex to the ACOM report. Some additional minor comments on the format had also been made by the Council. The Committee noted that while most of these changes had been made in the 2016 ACOM Report, the general information had been removed from the main report but had not been annexed. Committee asked that the Secretary convey NASCO's appreciation to ICES for the changes made and that he liaise with ICES on the remaining issues relating to the format of the ACOM report. It was noted that at the inter-sessional meeting of the West Greenland Commission, the representative of the European Union had asked that the recommendations in the report of the Working Group on North Atlantic Salmon be included in the ACOM report and ICES would be asked if this could be done in future.

6. MoU with the OSPAR Commission

- 6.1 The Secretary reported on the operation of the MoU between NASCO and the OSPAR Commission which came into effect on 5 August 2013. It requires, *inter alia*, that:
 - the OSPAR Commission and NASCO are invited to attend each other's meetings of mutual interest;
 - there is an exchange of information and coordination on matters relating to salmon conservation and protection of the marine environment in the North-East Atlantic; and
 - the Secretariats will report to their organisations on actions taken pursuant to the MoU.
- 6.2 There had been improved exchange of information under the MoU. Last year, a Draft Recommendation relating to salmon developed by the OSPAR Commission's Biodiversity Committee had been considered by the FAC. The Committee had noted that the Draft Recommendation failed to recognise the measures, agreements and practices developed and implemented by NASCO. The Council had, therefore, requested that the Acting President write to the Chairman of the OSPAR Commission indicating that NASCO, as the RFMO charged with conserving, managing and restoring salmon in the North Atlantic, would welcome support for its work but would appreciate an opportunity for proper consultation and comment before the Draft Recommendation is adopted. This letter had also highlighted the scope for considerable duplication of effort.
- 6.3 The Secretary introduced document FAC(16)3 which summarised the consultations that had taken place with the OSPAR Commission's Secretariat since NASCO's 2015 Annual Meeting. This document included the latest revision of the Draft Recommendation. The OSPAR Commission Secretariat had indicated that it would welcome further comments on the Draft Recommendation before its Annual Meeting to be held during 20 24 June. While not endorsing the Draft Recommendation, or taking any policy position on it, the Committee recommends to the Council that the President of NASCO be requested to write to the Chairman of the OSPAR Commission to (1) express appreciation for the opportunity to comment further on the Draft Recommendation, (2) note the primary interest of the Council is that the Draft Recommendation clearly articulate the demarcation between the roles of NASCO and the OSPAR Commission and factually reflect relevant information about NASCO and its work, and (3) propose limited additional changes to the Draft Recommendation text to reflect these interests.

7. Proposed International Year of the Salmon

7.1 The Chairman referred to the International Year of the Salmon which will be considered by the Council (see CNL(16)7). Inter-sessional consultations indicated that NASCO Parties favour a clearly defined one year initiative to raise awareness of the challenges and opportunities facing salmon and in support of fund-raising for new research. Presentations on the IYS had been made to the International Atlantic Salmon Research Board and its Scientific Advisory Group and a presentation will be made to the Council. The Draft Budget, to be considered under Agenda item 8, included a sum of £60,000 for the IYS in 2017 in accordance with the Outline Proposal (annex 3 of paper CNL(16)7), but the Committee recognised that appropriate budgetary provision would need to be resolved by the Council once it had agreed on the nature and scope of its involvement and the timing.

8. Consideration of the 2017 Draft Budget, Schedule of Contributions and Five-year Budgeting Plan

- 8.1 The Secretary introduced document FAC(16)4. He indicated that expenditure in the 2017 Draft Budget represented an increase of 1.6% in real terms compared to the 2016 Budget, but that this was due to the inclusion of a sum of £60,000 in relation to the proposed International Year of the Salmon. However, the proposed Budget represented a reduction of almost 6% in real terms from that anticipated in the 2016 2020 Budgeting Plan agreed by the Council last year. This reduction was mainly possible because the Contractual Obligation Fund had been rebuilt earlier than anticipated. He indicated that two budget sections had been set at zero, five were lower than in the five-year Budgeting Plan (2016 2020) and five budget heads were in accordance with that Budgeting Plan. He explained the reasons for the increases in the other three budget heads (Staff-related costs; Meetings and Audit and other expenses).
- 8.2 The Committee agreed to recommend to the Council the adoption of the 2017 Draft Budget and 2018 Forecast Budget, FAC(16)5. The Budget as adopted by the Council, CNL(16)62, is included as Annex 3. A Five-year Budgeting Plan (2017 2021) was also provided for information.

9. Appointment of Auditors

9.1 The Committee noted that Saffery Champness, Edinburgh Quay, Edinburgh had been appointed to conduct the 2015, 2016 and 2017 audits.

10. Any Other Business

10.1 There was no other business.

11. Report of the Meeting

- 11.1 The Committee agreed a report of its meeting.
- 11.2 The Committee thanked the Chairman for his excellent work over the previous four years. The Chairman wished the incoming Office Bearers well in their posts and closed the meeting.
- 11.3 A list of Finance and Administration Committee papers is given in Annex 4.
