

## IYS(19)01\_EU – UK (England and Wales)

### *Report on Actions and Activities to Deliver the International Year of the Salmon (IYS) Initiative, July 2018 to June 2019*

The primary purpose of this IYS reporting template is for Parties / jurisdictions to provide:

- brief details of actions, activities (events and projects) being planned or undertaken as a contribution to the IYS;
- identify which of the five IYS themes these actions and activities are delivering on;
- identify whether actions, activities (events and projects) being planned will be delivering outreach and communication,
- identify the target audiences the actions and activities intend to reach;
- specify the timeframe for undertaking the actions and activities.

This information will then enable the North Atlantic Steering Committee (NASC) to report to the NASCO Council and IYS partners in the Pacific about activities and actions planned and occurring in the Atlantic region as part of the IYS. It is our intention that the template is easy to complete with a brief description (maximum 200 words) of the action or activity, followed by marking the appropriate tick boxes. To give an example of what is being sought, the first row of the table has been completed with an illustration. Events and projects that have been registered on the IYS website are included here, in addition to any actions from the 2018 reports that fall into the time period of July 2018 to June 2019. In the 2018 meeting of the NASCO Council the Parties agreed that reports on IYS activities and actions should be provided by the jurisdictions in 2019 and in 2020. Please complete this form and return it to the Secretariat **by 12 April 2019**.

For your reference the IYS themes appearing in the table are detailed further below:

**Theme 1: *Status of Salmon*:** to understand the present status of salmon and their environments

**Theme 2: *Salmon in a changing salmosphere*:** to understand and quantify the effects of natural environmental variability and anthropogenic factors affecting salmon distribution and abundance and to make projections of their future changes

**Theme 3: *New Frontiers*:** to develop new technologies and analytical methods to advance salmon science and to explore the uncharted regions of the salmosphere.

**Theme 4: *Human Dimension*:** to improve the resilience of people and salmon through the connection and collaboration of salmon-dependent communities, indigenous peoples, youth, harvesters and resource managers across the salmosphere.

**Theme 5: *Information Systems*:** to develop an integrated archive of accessible electronic data collected during the IYS and tools to support future research.

**Additionally:**

**Outreach and communication:** improving public and political awareness of; salmon's cultural, social, and economic importance; and the challenges salmon face from major environmental changes and human impacts.

Party / jurisdiction:		EU – UK (England and Wales)			
Short description of the action	IYS Theme	Target audience	Time line		
			Start Date	End Date	
<p><b>International Year of the Salmon launch at the Institute of Fisheries Management 49<sup>th</sup> Annual Conference, Hull.</b></p> <p>In line with England’s 25 Year Environment Plan commitment to be the first generation to leave the environment in a better state than we inherited, England has affirmed its support for IYS 2019. In launching IYS in England, the then Minister of Fisheries, George Eustice, pledged England’s commitment to IYS at the 49th Institute of Fisheries Management annual conference. His statement can be viewed at: <a href="https://www.cefas.co.uk/iys/">https://www.cefas.co.uk/iys/</a></p> <p>Wales have also pledged support for IYS. Cabinet Secretary for Energy, Planning and Rural Affairs, Lesley Griffiths, said: “I wholeheartedly back IYS and hope those with an interest in recreational fishing, ‘take the bait’ in efforts to boost the conservation and restoration of these iconic fisheries within Wales.”</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b>Outreach and Communications</b> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	16/10/2018	16/10/2018	
<p><b>Establishment of dedicated IYS website for England &amp; Wales - <a href="https://www.cefas.co.uk/iys/">https://www.cefas.co.uk/iys/</a></b></p> <p>A website has been established, hosted by Cefas, to promote IYS activities across England &amp; Wales. The webpage provides background information on the salmon life-cycle, includes short monthly stories, provides links to partner organisations involved in salmon conservation work across the UK and encourages parties to register IYS-related events on the IYS host page.</p> <p>It is planned to further develop the E&amp;W IYS webpage over the course of 2019, and possibly maintain this over the longer term.</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b>Outreach and Communications</b> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	22/11/2018	31/12/2019	
<p><b>Ministerial opening of fish pass – NE England</b></p> <p>The newly appointed Defra Minister, Robert Goodwill, opened a new fish pass on the River Ouse, at Linton to facilitate the</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p>	07/03/2019	07/03/2019

<p><b>Fishy Dinner</b> - Ure Salmon Group, North Yorkshire, England.</p> <p>The River Ure is a recovering salmon river in NE England. The Ure Salmon Group has invited the public to a fund-raising dinner where auctions and raffle prizes will be used to raise money to support conservation works on the river in 2019 and 2020.</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	27/04/2019	27/04/2019
<p><b>Salmonid Tracking Workshop</b> - Southampton, England.</p> <p>The Game &amp; Wildlife Conservation Trust, Salmon &amp; Trout Conservation UK and the Atlantic Salmon Trust are hosting a two-day Salmonid Tracking Workshop in Southampton on behalf on the SAMARCH (Salmonid Management Round the Channel) project. The sessions will focus on sharing knowledge of current tracking projects, new and emerging technologies and maximising the benefits and opportunities of multiple tracking projects.</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	05/11/2019	06/11/2019
<p><b>‘Owned by Everyone’: the Plight, Poetry and Science of the Salmon</b> - Cambridge, England.</p> <p>The Cambridge Conservation Initiative have arranged a two-day conference, inspired by the work of a great English poet and salmon fisherman, Ted Hughes. The salmon, Hughes knew,</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p>	11/12/2019	12/12/2019

<p>is ‘owned by everyone’, and he campaigned on behalf of this totemic fish. Today the species still faces ‘a thousand perils’. Scientists, anthropologists, anglers, conservationists, storytellers, poets and critics from Northern Europe and America will share perspectives on every stage of the salmon’s life, each of the habitats it connects with, and on how best to raise our voices for this silent hero.</p>	<p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input checked="" type="checkbox"/></p>	<p>Knowledgeable public <input checked="" type="checkbox"/></p>		
<p><b>The archaeology of Pacific salmon: Reconstructing the past ecology of North American salmonids to understand their future in a fast-changing world</b> - Liverpool, England.</p> <p>The University of Liverpool has embarked on a project that will employ zooarchaeological data to reconstruct the past ecology, abundance and distribution of the seven species of Pacific salmonids (<i>Oncorhynchus</i> sp.) using data recovered from archaeological sites on the Pacific coast of North America. This research will allow for the reconstruction of long-term data on past salmon ecosystem change in the NE Pacific. The aim is to establish suitable baselines for the pre-industrial/contact status of salmonids in the region. Because salmonids are extremely susceptible to fluctuations in temperature, these baselines can be deployed as models for assessing <i>Oncorhynchus</i> resilience during times of rapid climate change (i.e. Little Ice Age/Medieval Climatic Anomaly). The hope is that the results of this research will be used to inform climate change studies in the NE Pacific, current salmonid conservation/fisheries policies and the subsistence-based economies of modern indigenous communities along the Pacific coast.</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input type="checkbox"/></p>	<p>Decision makers <input checked="" type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input checked="" type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	<p>Ongoing</p>	<p>Ongoing</p>
<p><b>Salmon in the Stour</b> - Stourbridge, England.</p> <p>The Wildlife Trust for Birmingham and the Black Country have launched a new project aimed at improving the River Stour and its tributaries for wildlife and people. The River Stour is a tributary of the River Severn and is located in the Midlands region of England. The project aims to involve community groups and volunteers to undertake wildlife surveys and identify a range of opportunities for improvements. This might include: removing barriers to fish movement, providing habitats for threatened species, re-naturalising artificial banks, tackling the spread of invasive species, identifying and addressing</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information</i></b></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	<p>Ongoing</p>	<p>Ongoing</p>

sources of pollution, improving access for people and celebrating the watercourses' history and heritage.	<p><i>Systems</i> <input type="checkbox"/></p> <p><i>Outreach and Communications</i> <input type="checkbox"/></p>			
<p><b>Launch of children's picture book</b> – NW England.</p> <p>The Eden Rivers Trust enlisted the help of pupils from Robert Ferguson Primary School, Carlisle to create illustrations for 'The Adventurous Salmon', a brand-new children's picture book. The book follows the epic 3,000 km journey undertaken by an intrepid wild Atlantic salmon from the small streams of Cumbria in NW England, down Eden's rivers and out to sea and back again to the beck where it was born. Along the way, it introduces young readers to native wildlife found in the Eden, Copeland and West Cumbria areas.</p> <p><a href="https://www.riverstrust.org/2019/02/28/school-children-make-the-adventurous-salmon-leap-off-the-page/">https://www.riverstrust.org/2019/02/28/school-children-make-the-adventurous-salmon-leap-off-the-page/</a></p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><i>Outreach and Communications</i> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input type="checkbox"/></p> <p>Children/Youth <input checked="" type="checkbox"/></p> <p>Knowledgeable public <input type="checkbox"/></p>	28/02/2019	28/02/2019
<p><b>NGO activities and events</b></p> <p>A number of NGOs across E&amp;W are engaged in activities to improve riverine habitat conditions for the benefit of salmon (and other species). Details of various organisations delivering such projects are available on the partners page of the E&amp;W IYS website: <a href="https://www.cefas.co.uk/iys/partners/">https://www.cefas.co.uk/iys/partners/</a></p> <p>For example, Salmon &amp; Trout Conservation UK have joined partners across the Northern Hemisphere to launch IYS and see this as an important opportunity to further important work, collaborate with other salmon conservationists and help spread the word about salmon and the many challenges that they are facing. Various events are planned and details will be made available at: <a href="https://www.salmon-trout.org/2019/01/25/international-year-of-the-salmon-launch/">https://www.salmon-trout.org/2019/01/25/international-year-of-the-salmon-launch/</a></p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><i>Outreach and Communications</i> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	Ongoing	Ongoing
<p><b>Unlocking the Severn for people and wildlife</b></p> <p>Work is continuing with a major wildlife project to 'reopen' the River Severn. A collaborative partnership between the Severn Rivers Trust, the Canal &amp; Rivers Trust, the Environment Agency and Natural England was successful in securing almost £20 million of funding – £10.8 million from the Heritage</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p>	Ongoing	Ongoing

<p>Lottery Fund and £6 million from the European Union LIFE programme. The project seeks to remove historical barriers and improve habitat on the UK's longest river for a variety of fish and wildlife species, including salmon. The project also aims to reconnect people and local communities with the lost natural, cultural and industrial heritage of the river.</p> <p>Further details at: <a href="https://www.unlockingthesevern.co.uk/">https://www.unlockingthesevern.co.uk/</a></p>	<p><b>Theme 4: <i>Human Dimension</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input checked="" type="checkbox"/></p>	<p>Knowledgeable public <input checked="" type="checkbox"/></p>		
<p><b>Salmon and Trout Conservation Cymru, 2019 Annual Seminar - Can we save the Atlantic salmon?</b></p> <p>Presentations and discussions to mark the International Year of the Salmon.</p> <p>Monday, 8th of April, 2019 Lantra, Royal Welsh Showground, Llanelwedd, Builth Wells</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input checked="" type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input checked="" type="checkbox"/></p>	<p>Decision makers <input type="checkbox"/></p> <p>Public <input checked="" type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input checked="" type="checkbox"/></p>	<p>08/04/2019</p>	<p>08/04/2019</p>
<p><b>Environment Agency International Year of the Salmon cascade brief to all EA staff</b></p> <p>The message to get involved and contribute to the International Year of the Salmon was given to all Environment Agency staff as part of the internal national Cascade Brief in April 2019.</p>	<p><b>Theme 1: <i>Status of Salmon</i></b> <input type="checkbox"/></p> <p><b>Theme 2: <i>Salmon in a changing salmosphere</i></b> <input type="checkbox"/></p> <p><b>Theme 3: <i>New Frontiers</i></b> <input type="checkbox"/></p> <p><b>Theme 4: <i>Human Dimension</i></b> <input type="checkbox"/></p> <p><b>Theme 5: <i>Information Systems</i></b> <input type="checkbox"/></p> <p><b><i>Outreach and Communications</i></b> <input checked="" type="checkbox"/></p>	<p>Decision makers <input checked="" type="checkbox"/></p> <p>Public <input type="checkbox"/></p> <p>Children/Youth <input type="checkbox"/></p> <p>Knowledgeable public <input type="checkbox"/></p>	<p>08/04/2019</p>	<p>12/04/2019</p>
