Annual Report on actions taken under Implementation Plans for the Calendar Year 2009

The Guidelines for the preparation of 'Implementation Plans and for Reporting on Progress', NSTF(06)10 (copy attached) indicate that the primary purpose of the annual reports is to provide a summary of all the actions that have been taken under the Implementation Plan in the previous year. In addition, details of any significant changes to the status of stocks, new factors affecting stocks, any changes to the management regime in place, and any changes to the Implementation Plan should be included in the report. Details of actions taken in accordance with Articles 14 and 15 of the Convention are also needed by the Council. **Please provide the following information to the Secretariat by 2 April 2010**

Section 1: Details of any significant changes to the management outlined in the introduction to the Implementation Plan.

No significant changes to report since last annual report

Section 2: A description of any significant changes in the status of stocks and information on catches. The Council has asked that the following information on catches be provided:

- (a) the provisional catch of salmon in tonnes for 2009;**
- (b) the confirmed catch of salmon in tonnes for 2008;**
- (c) an estimate of unreported catch in tonnes for 2009;**
- (d) the number of salmon caught and released in recreational fisheries in 2009.**

(a) 25,5 t
(b) 26,1 t
(c) 5,466 t
(d) Recreational fisheries not existent

Section 3: A description of any new factors which may significantly affect the abundance of salmon stocks.

Such factors not found

Section 4: An account of all actions taken under the Implementation Plan with regard to the management of salmon fisheries; habitat protection and restoration; aquaculture and related activities (not required in 2010); and other influences affecting salmon abundance or diversity (including the marine environment).

Management Action	Reporting Update	Achieved Management Action (Yes, No, Ongoing, Completed)
Fisheries Management		
No significant change	No significant change	No significant change
Habitat Protection and Restoration		
Aquaculture and related activities <i>(only required if a jurisdiction wishes to supplement its FAR or has not submitted a FAR)</i>		
Other influences affecting salmon abundance or diversity (including marine environment)		

Section 5: Details of any proposed revisions to the Implementation Plan.

No proposal
