Annual Report on actions taken under Implementation Plans for the Calendar Year 2011

The Guidelines for the preparation of 'Implementation Plans and for Reporting on Progress', NSTF(06)10 (copy attached) indicate that the primary purpose of the annual reports is to provide a summary of all the actions that have been taken under the Implementation Plan in the previous year. In addition, details of any significant changes to the status of stocks, new factors affecting stocks, any changes to the management regime in place, and any changes to the Implementation Plan should be included in the report. Details of actions taken in accordance with Articles 14 and 15 of the Convention are also needed by the Council. **Please provide the following information to the Secretariat by 6 April 2012**

Section 1: Details of any significant changes to the management outlined in the introduction to the Implementation Plan.

The provisional catches have decreased in 2011. Otherwise no significant changes to report since last annual report.

Section 2: A description of any significant changes in the status of stocks and information on catches. The Council has asked that the following information on catches be provided:

- (a) the provisional catch of salmon in tonnes for 2011;**
- (b) the confirmed catch of salmon in tonnes for 2010;**
- (c) an estimate of unreported catch in tonnes for 2011;**
- (d) the number of salmon caught and released in recreational fisheries in 2011.**

- (a) 27,5 tonnes**
- (b) 38,1 tonnes**
- (c) 10 tonnes**
- (d) Recreational fisheries not existent**

Section 3: A description of any new factors which may significantly affect the abundance of salmon stocks.

Nothing to report.

Section 4: An account of all actions taken under the Implementation Plan with regard to the management of salmon fisheries; habitat protection and restoration; aquaculture and related activities; and other influences affecting salmon abundance or diversity (including the marine environment).
